TOWN OF PINCHER CREEK

REQUEST FOR DECISION

Council

SUBJECT: Disposition of Delegation - Megan Me	theral
PRESENTED BY:	DATE OF MEETING:
Laurie Wilgosh, Chief Administrative Officer	11/22/2021

PURPOSE:

To address the concerns presented to Town Council on Monday, November 8th, 2021

RECOMMENDATION:

That Council for the Town of Pincher Creek receive the information and concerns raised by the delegation, Megan Metheral regarding the development at 1274 Bighorn Ave. 1272 and 1270 Pronghorn Ave., and to provide a review of the development process to Ms. Metheral.

and further, to direct Megan Metheral to request an opportunity to present to the Pincher Creek Community Early Learning Centre her concerns regarding the Child care service, and if necessary to provide her concerns in writing to Town Council.

BACKGROUND/HISTORY:

Megan Metheral brought several concerns to Council regarding the development process for the Superform Building on Pronghorn Ave. The process has gone through the development permit stage, and was approved with conditions by the Municipal and Subdivision Authority, followed by an Appeal Board Hearing, which was provided by Chinook Intermunicipal Subdivision and Development Appeal Board and the following step if the adjacent landowners still had concerns was to present their appeal to the Provincial Court of Appeal. The deadline for such an appeal was 30 days from the Chinook Appeal Board decision. The development is subject to oversight and input from the Town, and Park Enterprises, the Town's safety codes inspection agency.

ALTERNATIVES:

That Council for the Town of Pincher Creek advise the delegate, Megan Metheral regarding her presentation related to the Pincher Creek Early Learning Centre that the Town does not entertain public discussions regarding personnel, and that any further communication should be brought to Council's attention during the closed session of a meeting.

TOWN OF PINCHER CREEK

REQUEST FOR DECISION

Council

SUBJECT: REAL Ice System Installation	
PRESENTED BY:	DATE OF MEETING:
Adam, Recreation Manager	11/22/2021

PURPOSE:

To review the contract proposal from the MCCAC Rec Program to have the REAL Ice system installed at the MCC Arena.

RECOMMENDATION:

That Council for the Town of Pincher Creek to proceed with signing an offer letter for a grant covering 75% of costs to install a REALIce system in the Memorial Arena for cold water flooding.

BACKGROUND/HISTORY:

Recreation Administration team completed a 100% funded energy audit through the MCCAC REC program last year that identified 7 Energy Conservation Measures that are fundable through the REC Program. Most ECM's were directed at the MPF (Pool area). To date we've completed/received funding for 4 of the ECM's from that audit: LED lighting Retrofit, BMS Upgrade, RTU Night setback, and MPF Pool Room Insulation

This project was 1 of 2 projects identified in the Memorial Arena as part of that audit.

MCCAC REC Program funding is drying up and projects are now being wait listed and studies no longer being taken from September on. This project was applied for shortly after the BMS Upgrades and Arena Study, but was wait listed (hence the later approval). This is a "simplified measure" in the REC program due to the reliable energy savings. It doesn't require a previous audit unlike the insulation or RTU night setback projects underway

REALICE will realize the following savings:

- Audit Estimated Savings: \$5,982/yr
- HG Reduction: 34.5 tCO2/yr (~10 passenger cars for a year)

REAL Ice Installations Map can be found here: https://realice.ca/real-ice-references-installations

The closest locations who have installed REAL Ice include Bow Island & Sparwood. Administration reached out to both operators to discuss. Sparwood was neutral, Bow Island had very positive reviews

Other large notable facilities with installs include:

- Both Okotoks Arenas (Junior A)
- 10+ Calgary Arenas including Max Bell (Midget AAA international tournament) & Father David Bauer (WHL)
- University of Alberta

This technology is transferrable to a new Arena

ALTERNATIVES:

No REALIce install (proceed with hot water flooding as is)

IMPLICATIONS/SUPPORT OF PAST STUDIES OR PLANS:

Training will be required for Arena staff on new system prior to initial floods next season Would suggest having a session with REALIce and sending a few operators to another facility with REAL Ice for a day this Winter

FINANCIAL IMPLICATIONS:

Total Quoted Cost for the entire system install is \$37,631.

The MCCAC Rec Program rebate of 75% is \$28,223.

Post-rebate cost to the Town of Pincher Creek is \$9,408, with an expected Simple

Payback: 1.6 years

There will be minimal costs associated with staff training days.

PUBLIC RELATIONS IMPLICATIONS:

Mandatory positive public exposure to receive rebate Leverage of MCCAC "free" public exposure

TOWN OF PINCHER CREEK

REQUEST FOR DECISION

Council

SUBJECT: Engagement Invitation for Alberta Prov	vincial Police Service Transition Study
PRESENTED BY:	DATE OF MEETING:
Laurie Wilgosh, Chief Administrative Officer	11/22/2021

PURPOSE:

Alberta Provincial Police Service Transition Study report invitation.

RECOMMENDATION:

That Council for the Town of Pincher Creek direct administration to register the following council members to attend a virtual or in person Alberta Provincial Police Service Transition Study report:

BACKGROUND/HISTORY:

In 2019/2020 the province engaged a consulting company to research the tentative proposal to initiate a change in police service for the province from the Royal Canadian Mounted Police to a Provincial Police Service.

There have been no decisions made at this point, but the findings of the research are now available for review. The research project was not meant to insinuate any disatisfaction, but to consider and review potential alternatives to increase services and cost effectiveness.

Council is invited to review the reports, covering present service, future service and a final report, and to indicate their desire to attend one of the many sessions, either in person or virtually.

ALTERNATIVES:

That Council for the Town of Pincher Creek agree to send up to three council members to the in person or virtual engagement session in Pincher Creek on January 25, 2022.

IMPLICATIONS/SUPPORT OF PAST STUDIES OR PLANS:

N/A

FINANCIAL IMPLICATIONS:

A change in Policing Services from Federal to provincial could result in a different cost structure.

PUBLIC RELATIONS IMPLICATIONS:

A majority of Alberta Municipalities have expressed their support for the RCMP and the services provided.

ATTACHMENTS:

4835 MA - 2760 Instructions - MA - 2760

CONCLUSION/SUMMARY:

Administration recommends that most if not all of Council attend an in person or a virtual session regarding the Provincial Police Study.

Signatures: **Department Head:** August Kollee Launie Wilgosh CAO:

ALBERTA JUSTICE AND SOLICITOR GENERAL

Office of the Minister MLA, Edmonton - South West

AR 43835

Dear Mayor/Reeve and Council:

I am pleased to announce the release of the *Alberta Provincial Police Service Transition Study* completed by PricewaterhouseCoopers (PwC) Canada, and to invite your municipality to participate in further engagement on the findings of this report.

The Department of Justice and Solicitor General will be hosting virtual and in-person municipal engagement sessions between January 2022 and March 2022. Municipal engagement sessions will be open to municipal elected representatives, municipal employees, and organizations representing municipalities. Please see the attachment for instructions on how to register for a session near your community.

The engagement sessions will explore the concepts and information outlined in PwC's work, gather feedback on these ideas as well as local policing perspectives that will be used to refine PwC's proposed model and inform provincial government decision making. Discussions during the engagement sessions will draw on material from all three PwC reports:

- PwC's Final report: https://open.alberta.ca/publications/apps-transition-study-final-report
- PwC's Current state report: https://open.alberta.ca/publications/apps-current-state-report
- PwC's Future state report: https://open.alberta.ca/publications/apps-future-state-report

It is important to emphasize that no decisions have been made with regard to Alberta establishing its own provincial police. The Royal Canadian Mounted Police (RCMP) is an important Canadian institution consisting of exceptional women and men who perform great work, risking their lives every day to keep our communities safe. While Alberta's government has the utmost respect and appreciation for the work of the RCMP's front-line members, we also have a responsibility to examine our model of provincial policing to see if there are other innovative alternatives that would increase policing services for Albertans, involve Albertans in key decision-making processes, is cost-effective, and places community policing at the forefront.

In 2020, the Fair Deal Panel consulted with tens of thousands of Albertans and heard many people's frustrations with the challenges of relying on a contracted provincial police force that is ultimately managed by Ottawa. The panel recommended that the province create an Alberta Provincial Police Service to replace the RCMP. The Alberta government supported this recommendation in principle, but committed to additional analysis. In October 2020, Justice and Solicitor General contracted with PwC to develop this analysis, and on April 30, 2021 PwC delivered their report. PwC's *Alberta Provincial Police Service Transition Study* details the operational requirements, process steps, and costs of a potential transition to an Alberta provincial police service.

The *Alberta Provincial Police Service Transition Study* presents an innovative provincial policing model that would:

- Increase the number of front-line police officers and civilian specialists serving our communities;
- Have dedicated mental health nurses and social workers to assist front-line police response;
- Prioritize community policing that would see Albertans recruited and serving in their local communities;
- See less transfer of officers in and out of communities (and the province) which would increase police knowledge of local public safety issues and improve detachment staffing levels;
- Reduce federal/provincial jurisdictional barriers that limit the integration of police services across Alberta;
- Have a governance model to increase the provincial police's accountability to local priorities and policing needs;
- Introduce new approaches to detachment deployment models to reduce police response times; and
- Leverage efficient back-office functions by utilizing existing provincial government resources to make the provincial police more cost effective.

I encourage you to attend a virtual or in-person engagement session to discuss the proposed model for an Alberta provincial police service, and to discuss what this model could mean for your community. If you have questions about the engagement sessions, please contact my department by emailing jsg.appstransitionstudy@gov.ab.ca.

Yours very truly,

Kaycee Mada, QC

Justice and Solicitor General: Alberta Provincial Police Service Transition Study Secretariat

Event overview

The Government of Alberta is engaging with municipalities on concepts presented in the *Alberta Provincial Police Service Transition Study* prepared by PricewaterhouseCoopers (PwC).

The department of Justice and Solicitor General will be facilitating in-person and virtual engagement sessions with municipalities between January and March 2022. In-person sessions will be held at many locations across Alberta. These sessions are open to municipal elected representatives, municipal employees and organizations representing municipalities.

Engagement sessions will focus on key concepts presented in the transition study with the intent to refine the model presented by PwC and inform future decisions on an Alberta Provincial Police Service.

Space is limited and the content is the same for all sessions. For this reason, we ask that individuals only sign-up for one session in this series.

Sessions are open to participants from multiple municipalities. Participants are encouraged to sign-up for a session near their community. Specific event locations will be added as soon they are available. Registrants will receive an email when the event address is available.

Discussions during the engagement sessions will draw on material from all three PwC reports. For more information about the transition study and associated engagement activities, please visit the following webpages:

TOWN OF PINCHER CREEK

REQUEST FOR DECISION

Council

SUBJECT: Joint Funding	
PRESENTED BY:	DATE OF MEETING:
LaVonne Rideout, Community Services	11/22/2021

PURPOSE:

To review the missed joint funding application for the Early Childhood Coalition.

RECOMMENDATION:

That Council for the Town of Pincher Creek support the Pincher Creek Early Childhood Coalition with \$5000.

BACKGROUND/HISTORY:

The Joint Funding Committee met to review all joint funding applications. Applications were reviewed and then forwarded by the community grant writer. When the packages for the committee were created for review and decision, the application for the Pincher Creek Early Childhood Coalition was missed. The Early Childhood Coalition had submitted a completed application before the deadline. Currently, the Coalition has no money to continue and the coordinator is volunteering her time to keep the program running until FCSS funding starts in 2022. The Pincher Creek Early Childhood Coalition is a grassroots initiative that has many organizations represented at the table. They have worked extremely hard to support children and families in our community especially through the pandemic. The small amount of money invested has a large impact.

ALTERNATIVES:

That the council for the Town of Pincher Creek considers an alternate dollar amount to support the coalition.

IMPLICATIONS/SUPPORT OF PAST STUDIES OR PLANS:

They have been in existence since 2009/10 and it would be a great loss to our community if they were not able to continue.

FINANCIAL IMPLICATIONS:

The cost of support allocated.

PUBLIC RELATIONS IMPLICATIONS:

The community, and especially the most vulnerable, are supported through this difficult time.

TOWN OF PINCHER CREEK

REQUEST FOR DECISION

Council

SUBJECT: Community Peace Officer Appointment		
PRESENTED BY:	DATE OF MEETING:	
Lisa Goss, Administrative Manager	11/22/2021	

PURPOSE:

As per Bylaw No.1476-95, for the purpose of establishing the position of Bylaw Enforcement Officer, to appoint Max Hausammann to the position of Community Peace Officer for the town of Pincher Creek.

RECOMMENDATION:

That Council for the Town of Pincher Creek appoint Max Denis Hausammann to the position of Community Peace Officer in accordance with the Municipal Government Act, the Peace Officer Act and the Town of Pincher Creek Bylaw 1476-95 and Policy 206-07.

BACKGROUND/HISTORY:

Section 556 of the MGA requires Council, by bylaw, to specify the powers and duties of bylaw enforcement officers and establish disciplinary procedures for misuse of power. This is done through Town of Pincher Creek Bylaw 1476-95, Bylaw #1476-A, and Policy 206-07. Although outdated and requiring an administrative review, the bylaw states that enforcement officers are to be appointed by Council.

ALTERNATIVES:

- That Council for the Town of Pincher Creek direct administration to garner additional information and bring back the appoint of the Community Peace Office position to the next regular Council meeting.
- That Council for the Town of Pincher Creek receives the information regarding the Peace Officer appointment as presented.

IMPLICATIONS/SUPPORT OF PAST STUDIES OR PLANS:

None at this time.

FINANCIAL IMPLICATIONS:

None at this time.

PUBLIC RELATIONS IMPLICATIONS:

It is the duty of the community peace officer to enforce municipal bylaws, in addition to applicable provincial and federal statutes within the boundaries of the municipality.

ATTACHMENTS:

TOWN OF PINCHER CREEK

REQUEST FOR DECISION

Council

SUBJECT: Restriction Exemption Program				
PRESENTED BY:	DATE OF MEETING:			
Adam, Recreation Manager	11/22/2021			

PURPOSE:

To review the recommendation from the Recreation Advisory Committee to provide additional financial support to be able to effectively implement the Restriction Exemption Program at the MCC Arena.

RECOMMENDATION:

That Council for the Town of Pincher Creek allocate an <mark>additional</mark> \$10,000 in fund	ing to
support additional personnel to assist in implementing the Rest <mark>ri</mark> ction Exemption	Program
at the MCC arena, to be funded from	

BACKGROUND/HISTORY:

On September 20, 2021 the Restriction Exemption Program option came into effect for all recreation facilities in the province of Alberta. Recreation facilities were given the option of implementing the Restriction Exemption program which involves checking for vaccination status, a negative PCR test or a medical exemption. The other option was to implement the reduced capacity program which is to maintain 2 meter distancing, one household and to restrict attendance to 1/3 of fire code capacity.

Administration has implemented the Restriction Exemption Program for all public/family skates, private rentals and adult rec hockey programs. All youth and school based programs are currently operating under the reduced capacity program. On November 15, 2021 the province implemented the QR code system, where all participants in the Restriction Exemption Program are required to provide their QR code proof and identification to enter facilities operating under the REP. It has been very difficult for arena staff to monitor both facility maintenance and screening of patrons due to scheduling conflicts.

At the November 17th Recreation Advisory Committee meeting it was moved 'to recommend to Town of Pincher Creek Council to provide additional funding towards implementing the REP effectively.'

A second motion was carried to 'recommend that until additional support can be acquired, that all adult programming be postponed'.

Administration has hired a local security contractor for November 21st.

ALTERNATIVES:

Not to provide additional funding towards implementing the REP and cancel all adult programming.

Implement the REP for all programming at Town of Pincher Creek recreation facilities including youth and school programming.

Continue as is with the understanding there will be inconsistent monitoring of the REP.

IMPLICATIONS/SUPPORT OF PAST STUDIES OR PLANS:

The Recreation Master Plan indicates strong community support for adult and senior programming in the community.

FINANCIAL IMPLICATIONS:

Extra funding will be required to consistently and effectively monitor the REP at the MCC arena.

PUBLIC RELATIONS IMPLICATIONS:

This issue is incredibly controversial and regardless of which program is introduced, there will be public feedback of some kind.

ATTACHMENTS:

Reduced capacity in effect 11x17 - 2764 REP_11x17 - 2764

CONCLUSION/SUMMARY:

Administration supports that Council for the Town of Pincher Creek allocate an additional funding to support extra personnel to assist in implementing the Restriction Exemption Program at the MCC arena
